User information sheet
 ERG 2020 / ERG 2060 Series

I) Principle use

<p>Slide the slider to deploy the blade.</p>	
<p>During the cut ensure the slider is released (the blade is kept deployed by friction of the material being cut).</p>	
<p>Thus when exiting the material (as the slider is not held out) the blade automatically retracts safely.</p>

ERG 2020 / ERG 2060 Series

II) Changing of blade

These safety knives are ambidextrous :
The knives can be used by right & left-handed users
(Invert the blade for left hand use)

<p>1</p> <p>Press the two tabs on the rear end cap to release the cap</p>	<p>2</p> <p>Pull the slider block to the rear</p>	<p>3</p> <p>Complexly withdraw the mono block slider, remove and discard safely the used blade</p>
<p>4</p> <p>Locate the new blade by placing on the magnets with centre hole engaged (invert blade to change from right to left hand)</p>	<p>5</p> <p>Replace the mono block slider</p>	<p>6</p> <p>'Click' the end cap into place - the knife is ready to use !</p>

III) Main applications
