

THE STORY

Our Viper Tool was developed to reduce cross-contamination when opening bags or packages of food, and to protect the user against laceration injuries.

BENEFITS

- Minimizes cross-contamination, which causes foodborne illness
- Reduces injuries associated with loose blades in the workplace
- Reduces food product damage and contamination

FEATURES

- NSF Certified
- FDA compliant, food-safe materials
- Stainless steel blade resists corrosion and breakage
- High visibility colors
- Ergonomically designed for ease of use
- Easy to clean, dishwasher & sanitizer safe
- Serial numbering available

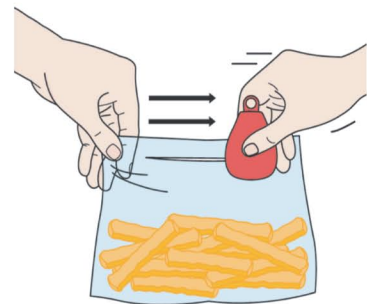

CAUTION: Products that provide "cut resistance" and "cut protection" or "puncture resistance" do not prevent or eliminate the potential for cuts or punctures.
