

PRODUCT SPECIFICATION

# DUAL-FUNCTION BEAK SAFETY KNIFE

Same safety cutter for right-handed or left-handed users

Safety

Lighter & robust

34g

**!** Ambidextrous without any manipulation

**With the blade of the beak:**

- Cuts plastic and textile straps and bands,
- Cuts films (roll bags, etc.)

**With the micro-serrated metal insert:**

- Cuts through adhesive tape to open packaging.

**Excellent grip thanks to:**

- the ergonomic handle that adapts to the shape of the hand.

**Strong and lightweight:**

- 34g of fibreglass-reinforced nylon.

**Ultrastrong safety features:**

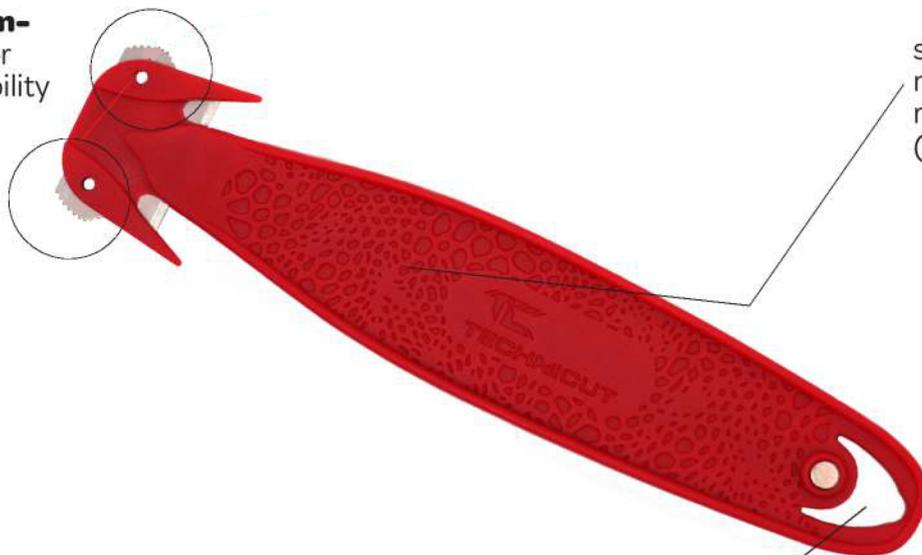

- Narrow blade edge: restricts access to the cutting edge,
- Double overmoulded blade: no blade replacement
- No parts of the knife can be detached.

**DUAL-FUNCTION  
BEAK SAFETY KNIFE**

**ASK** **Accordant  
Safety Knives**
